

## Michigan Environmental Education Curriculum Support (MEECS) DONATION FORM

**What is MEECS?** MEECS contains five Michigan-specific units which provide an opportunity for students in grades 4-9 to learn about Michigan's economy and environment through outstanding, inquiry oriented, data-based lessons in Science and Social Studies. The units can be used individually, adopted into a school's multi-year science curricula, or combined to form the basis for an integrated science course.

The five Michigan-specific science and social studies units consist of Ecosystems & Biodiversity (grades 4-6), Land Use (grades 4-5), Water Quality (grades 6-8), Energy Resources (grades 7-9), and Air Quality (grades 7-9).

**I would like to contribute to the continuation and future of MEECS. My donation is \$\_\_\_\_\_.**

Contributions will help provide training and materials to educators.

Last Name \_\_\_\_\_ First Name \_\_\_\_\_ MI \_\_\_\_\_
